1. This formulary lists medications that are currently available at Kadena Pharmacy. However, changes may be made without prior notification. For updates on a specific medication, please contact the pharmacy department at 630-4598.
2. Items listed in **bold** indicate DoD Basic Core Formulary (BCF) items.
3. Prescriptions for Schedule II medications are limited to a 30 day supply, with the exception of long term cancer pain medications or medications used to treat ADHD, ADD, or narcolepsy. These patients may receive a 90-day supply. Schedule II medications are not refillable.
4. Prescriptions written for Schedule III-V must be filled within 30 days. Quantity is limited to a 30-day supply with five refills. These prescriptions expire 6 months from the written date.
5. Prescriptions for non-scheduled medications are limited to a 90-day supply with 3 refills for all maintenance medications. These prescriptions expire 12 months after the written date, and unused refills after this date will be voided. DoD requires quantity limits on some medications, which are listed. These quantity limits change; therefore, please call the pharmacy if any questions arise. The pharmacy may change the quantity limit automatically if the quantity needs to be decreased to comply with DoD regulations.
6. Telephoned or oral prescriptions will not be accepted.
